ADMIN DASHBOARD

=Menu on the side=

- ☒ If possible, change color to blue like in the logo of Dr. Juan.

=Home Tab=

- ☒ Admin, Teacher, Student, Date Row should be 2025-2026
- ☒ Capitalism in Attendance Column.
- ☒ Remove Announcement column.

=Students Tab=

- ☒ Transfer permissions - Can only be seen/edited by teachers in their dashboard.
- ☒ When adding and editing students, the grade dropdown should be for Grade 11 and 12 only.

=Sections Tab=

- ☒ The strand category in filter does not work.

=Results Tab=

- ☒ Transfer permissions - Can only be seen/edited by teachers in their dashboard.
(Teacher's Dashboard results show the home page might be a bug.)

=Attendance Tab=

- ☒ Transfer permissions - Can only be seen/edited by teachers in their dashboard.
-

TEACHER DASHBOARD

=Home Tab=

- ☒ Remove Announcement column.

=Students Tab=

- ☒ Able to:
 - ☒ See, and Edit students ONLY in the subjects/lessons that they are handling.
 - ☒ (for example, Teacher A = Teacher A lang makakakita at edit ng handled niyang students sa bawat section and priority ang supervising class niya sa taas ng result.)
 - ☒ (Transfer permissions of adding/editing students from admin dashboard)
 - ☐ Add - di to possible na ang maiiadd lang eh yung student nya, since adding is new

=Sections Tab=

- ☒ Only see the strand and section that they are handling.
 - (for example, Teacher B = Teacher B lang makakakita ng handled niyang section, wala nang iba.)

=Lessons Tab=

- ☒ Able to:
 - ☒ See
 - ☒ Edit subjects/lessons ONLY in the sections that they are handling.
 - (for example, Teacher C = Teacher C lang makakakita at edit ng handled niyang subjects sa bawat section and priority ang supervising class niya sa taas ng result.)
 - ☒ Add - di to possible na ang maiaadd nya lang eh sariling lessons nya.
Since this is general adding

=Results Tab=

- ☒ Able to See, Add, and Edit results ONLY in the section/students that they are handling.
 - (for example, Teacher D = Teacher D lang makakakita at edit ng handled niyang results sa bawat section.)

=Attendance Tab=

- ☒ If possible - make the attendance for each day simpler.
 - Selecting a section reveals all students in a column.
 - To take their attendance, checkbox for present, absent, excused, or holiday.

=ALL TABS=

- ☒ Delete strand function not working.

- ☒ Allow to multi-select filters.
- ☒ Filter by Strand not working.
